

Christ the King Sixth Forms 16 to 19 tuition fund statement of use

Christ the King Sixth Forms have received an allocation of funding from the Education and Skills Funding Agency (ESFA) to mitigate the disruption to learning arising from coronavirus (COVID-19).

The funding is being provided for the 2020-2021 academic year in order to support small group tuition for students in English, maths, and other courses where learning has been disrupted.

In line with guidance from the EFSA, we will prioritise support for students who have not achieved a grade 4 in English and/or maths as well as considering other students with a grade 4 who may also benefit from catch up support. We will have regard to the needs of students with special educational needs and disabilities (SEND), particularly where they have experienced additional disruption to learning as a result of their specific needs and disabilities.

Following enrolment in September we will identify students who meet the criteria and will establish additional tuition for those student in groups of 3-5 students. We will monitor their progress regularly using our Formal Subject Assessment Framework and adapt these additional programmes on an ongoing basis.

Our approach will include a mix of both teaching and learning support, and staff will have received appropriate training where necessary. Once identified, students will receive small group support for GCSE Maths and English and possibly for some of their BTEC and A Level subjects.

We will record how we use the funding, including reference to the individual students that receive the support, the needs of those students, the number of hours of tuition delivered, and we will retain the necessary evidence of the tuition provided.
